Kolkata, West Bengal, India

Career Objective

BCA student passionate about software development and turning ideas into practical digital solutions. Familiar with programming, Machine Learning, web development, databases, and software engineering concepts, with hands-on experience building academic and personal projects. Comfortable working with technologies such as Python, Java, C/C++, JavaScript, HTML, CSS, and SQL. A quick learner with strong problem-solving skills, eager to gain real-world experience and grow as a software engineer.

Education

Bachelor of Computer Applications (BCA): 2023–2027
Meghnad Saha Institute of Technology / MAKAUT
CGPA: 7.42/10 | Kolkata, West Bengal

Higher Secondary Education (Class XII): 2023
Balichak Bhajahari Institution
Percentage: 67.8% | WBCHSE

Secondary Education (Class X): 2021
Balichak Bhajahari Institution
Percentage: 77.43% | WBBSE

Technical Skills

Programming Languages: C, C++, Java, Python
Web Technologies: HTML, CSS, JavaScript, MERN
Database: MySQL, SQL
Tools: Git, GitHub, Visual Studio Code, Apache NetBeans
Core Concepts: Data Structures, Object-Oriented Programming, DBMS, Operating Systems, Computer Networks

Academic Projects

Campus Canteen Pre-Order System *Java, Advance Java*

- Developed a Campus Canteen Pre-Order System using Java, Advanced Java, and NetBeans to streamline food ordering and reduce waiting time for students.
- Implemented features for menu management, student orders, order tracking, and database connectivity.
- Applied JDBC and MySQL for efficient storage and retrieval of user and order data.
- Designed a simple and user-friendly interface to make the pre-ordering process convenient and accessible.

Mutual Fund *HTML, CSS, JavaScript*

- Mutual Fund Management System using HTML, CSS, JavaScript, and MERN stack in Apache NetBeans to provide an easy platform for exploring and managing mutual fund investments.
- Implemented features for fund browsing, investor registration, investment tracking, and portfolio management.
- Developed a responsive and user-friendly interface with efficient data handling using MongoDB and MERN technologies.

Certifications

- Advance Java Programming – MSIT, 2026
- Web Development – ESC (Internships | Training | Project) / Meghnad Saha Institute of Technology (MSIT), 2025
- Skill Build – IBM SkillsBuild / IBM, 2025

Achievements

- Participated in coding competitions, technical events, workshops, or hackathons.
- Completed academic projects demonstrating practical programming and problem-solving skills.
- Participated in college-level technical and extracurricular activities.

Relevant Coursework

Data Structures and Algorithms • Object-Oriented Programming • Database Management Systems • Operating Systems • Computer Networks • Software Engineering • Web Development • Machine Learning

Soft Skills

Problem Solving • Communication • Teamwork • Time Management • Adaptability • Quick Learning

Languages

English | Hindi | Bengali
